\*Northern Arizona Council of Governments is domiciled in, and subject to the laws of Arizona

Read Your Plan Documents Carefully - This outline of coverage provides a very brief description of the important features of your health benefit plan. The Outline of Coverage sets forth in detail the rights and obligations of both you and the Plan Sponsor. It is, therefore, important that you READ YOUR PLAN DOCUMENTS CAREFULLY!

Major medical expense coverage is designed to provide, to persons insured, comprehensive coverage for major hospital, medical, and surgical expenses incurred as a result of a covered accident or sickness. Coverage is provided for daily hospital room and board, miscellaneous hospital services, surgical services, anesthesia services, in-hospital medical services, and out-of-hospital care, subject to any deductibles, copayment provisions, or other limitations that may be set forth in the Plan.

## **Deductible**

The deductible is the amount in a calendar year that you are responsible before the Plan begins to pay benefits. The deductible does not apply for benefits shown as not applicable to the deductible below such as for preventive services.

The deductible amount on this Plan is:

\$6,000 for individual health benefit plans and \$12,000 for family health benefit plans for In Network  
\$12,000 for individual health benefit plans and \$24,000 for family health benefit plans for Out of Network

For individual health benefit plans, once the deductible is met, benefits will become payable. For family health benefit plans, benefits become payable for any individual that has met the individual deductible amount. Benefits become payable for all covered family members once the family deductible has been met.

## **Coinsurance**

Coinsurance is the amount, represented as a percentage, which **you** are responsible for after the deductible is met. The remaining amount is paid by the Plan.

The In Network Coinsurance amount for this the Plan is: 30%  
The Out of Network Coinsurance amount for this the Plan is: 50%

## **Maximum Out of Pocket (MOOP)**

The Maximum Out of Pocket is the limit for which you are responsible for. This limit doesn't include any services that are not eligible, such as dental services or any amount above the Maximum Allowable Fee. Once you reach the MOOP, eligible benefits will be paid at one hundred percent (100%) for the remainder of the calendar year.

The Maximum Out of Pocket for this Plan is:

\$8,150 for individual health benefit plans and \$16,300 for family health benefit plans for In Network  
\$16,300 for individual health benefit plans and \$32,600 for family health benefit plans for Out of Network

For individual health benefit plans, once the Maximum Out of Pocket is met, eligible benefits will be paid at one hundred percent (100%) for the remainder of the calendar year. For family health benefit plans, eligible benefits will be paid at one hundred percent (100%) for the remainder of the calendar year for any individual that has met the individual Maximum Out of Pocket amount, even if it is less than the family deductible. Eligible benefits will be paid at one hundred percent (100%) for the remainder of the calendar year once all amounts met towards Maximum Out of Pocket for all family members combined equals the family Maximum Out of Pocket amount.
