

## Anthem and CDHP products Precertification/Prior Authorization List — updated January 1, 2026

Indiana • Kentucky • Missouri • Ohio • Wisconsin | Anthem Blue Cross and Blue Shield | Commercial

Preapproval is the determination that selected inpatient and outpatient medical services — including surgeries, major diagnostic procedures, and referrals — meet criteria for medical necessity under the member's benefits contract. For the member to receive maximum benefits, Anthem must authorize these covered services prior to their rendering. Preapproval helps avoid unnecessary charges or penalties by ensuring that the member's care is administered at a network facility and by a network provider.

### Key points:

- Preapproval includes a review of both the service and the setting.
- Care will be covered according to the members' benefits for the number of days precertified unless our concurrent review determines that additional days qualify for coverage.
- Certain services may require the member to use a care provider designated by their health benefit plan.
- A copy of the approval will be provided to you, the physician, and the hospital or facility.

*Carelon Medical Benefits Management, Inc. is an independent company providing utilization management services on behalf of the health plan.*

*CarelonRx, Inc. is an independent company providing pharmacy benefit management services on behalf of the health plan.*

Anthem Blue Cross and Blue Shield is the trade name of: In Colorado: Rocky Mountain Hospital and Medical Service, Inc. HMO products underwritten by HMO Colorado, Inc. BCBSWI underwrites or administers PPO and indemnity policies and underwrites the out of network benefits in POS policies offered by CompCare Health Services Insurance Corporation (CompCare) or Wisconsin Collaborative Insurance Corporation (WCIC). CompCare underwrites or administers HMO or POS policies; WCIC underwrites or administers Well Priority HMO or POS policies. Independent licensees of the Blue Cross Blue Shield Association. Anthem is a registered trademark of Anthem Insurance Companies, Inc.

MULTI-BCBS-CM-004723-26-S1582 | February 2026

- For benefits to be paid, the member must be eligible for benefits, the service must be eligible for benefits, and the service must be a covered benefit under the contract at the time the services are rendered.
- Not otherwise classified (NOC) and unlisted codes: Codes may not reflect that preapproval is required, but codes may require medical necessity review upon claims submission, depending on diagnosis and/or reimbursement level.

### Preapproval responsibility

Network physicians are required to obtain preapproval for patients with HMO, POS, PPO, and EPO coverage. If a member visits an out-of-network physician, preapproval is their responsibility. Regardless of whether a member visits a physician in-network or out-of-network, it is always a good idea to check with their physician to see if the services have been precertified.

New services added to the preapproval list since the last update will appear in red. Any codes and services removed from the list since the last update do not require preapproval. Codes and services not on the preapproval list may still require medical review prior to claims payment.

The preapproval number is listed on the back of the member's ID card.

Services not requiring precertification for coverage but recommended for predetermination of medical necessity due to the existence of post-service claim edits and/or the potential cost of services to the member if denied by Anthem for lack of medical necessity:

- Procedures, equipment, and/or specialty infusion drugs that have medically necessary criteria determined by Corporate Medical Policy or Clinical Guidelines.

Note: For a complete listing of Medical Policies and Clinical Guidelines, go to [anthem.com](https://www.anthem.com) > For Providers > Choose your state > Access the commercial provider site > Resources > Medical Policies & Clinical UM Guidelines.

You may also contact Provider Services via the number on the back of our member ID card to ask if the specific requested code is subject to Medical Policy or Clinical Guideline criteria.

Certain items and/or criteria referenced in this document apply to local fully insured Anthem members and select members who are covered under self-insured (ASO) benefit plans with services medically managed as part of a purchased program. It does not apply to BlueCard®, Medicare Advantage, Medicaid, Medicare Supplement, or Federal Employee Program® (FEP®). The care provider will be notified upon requesting preapproval if preapproval is required for the member. If the program has not been purchased, preapproval is not required, and clinical review will not be performed for the member. For more information, contact Provider Services via the number on the back of our member ID card.

### Carelon Medical Benefits Management

Carelon Medical Benefits Management, a separate company, is a nationally recognized leader in delivering specialty benefits management on behalf of Indiana, Kentucky, Missouri, Ohio, and Wisconsin for certain health plan members. Determine if preapproval is needed for an on behalf of Indiana, Kentucky, Missouri, Ohio, and Wisconsin member by going to [anthem.com](https://www.anthem.com) > For Providers > Choose your state > Access the commercial provider site > Resources > Medical Policies & Clinical UM Guidelines, or by calling the preapproval phone number printed on the back of the member's ID card.
